THE "SENTINEL" AND THE MEMBER FOR
CARIBOO WEST.

would all be very proper, if the case were fairly stated. But, unfortunately for the Editor of the *Sentinel*, "it is totally opposed to the facts." The Governor invited the people of Cariboo West to choose a person to represent them in the Legislative Council. Two gentlemen, Dr. Black, their former representative, and Mr. Moberly, came forward to claim their suffrages. The contest resulted in the choice of the latter gentleman. But the point to which we would particularly direct attention is this, that at the time Mr. Moberly presented himself before the electors of Cariboo West and was honored with their preference he was in the employ of Government—he was just as much "a tightly bound official" then, as he is now; and, what is more, the people who selected him were fully aware of the fact! In view of these facts what a contemptible piece of blatant gasconade is the concluding sentence of the article: "We call upon the Governor in the name of the electors of West Cariboo to declare the seat immediately vacant, so as in some measure to atone for the disgraceful departure from the Queen's instructions to which we have referred." "In the name of the electors of West Cariboo" indeed! Why, they are the very party upon whom the odium of the "disgraceful" affair rests. They said we want Mr. Moberly, a *Government official*, to represent us in the Legislative Council; and the Governor gave them their wish. His Excellency might fairly be presumed to have reasoned thus:—"It is true the intention of the Imperial Government was to concede to the people the right to choose five representatives, and it was presumed those five would be unofficial, inasmuch as there were ten official members chosen by the Crown. But if the circumstance of being in the employ of Government does not constitute a disqualification in the eyes of the people—if they express a desire to be represented by an official, I do not feel myself called upon to raise the objection and interfere with their choice. I would much rather their choice had fallen upon an independent colonist, who would not be open to the charge of Executive pressure; but, rather than appear to interfere with the modicum of representation conceded to the people I shall overlook the anomaly thus created, and confirm the choice of the electors of Cariboo West." We would desire it to be distinctly understood that we disapprove of the position occupied by Mr. Moberly, quite

NEW WESTMINSTER, TUESDAY, JULY 11, 1865.

BY MAGNETIC TELEGRAPH!

SPECIAL DISPATCH TO THE "BRITISH COLUMBIAN."

ATLANTIC DATES TO 23rd JUNE.

CALIFORNIA DATES TO THE 8th.

New York, June 21.—The *Herald's* Charleston correspondent says the delegation from South Carolina to Washington, whose arrival was announced yesterday, will ask the early appointment of a provisional government for that State. Their first choice for this position is ex-Governor Aiken; second, Gen. Gurney. The late rebel Secretary of Treasury, Trenholm, has been arrested at Columbia and taken to Charleston, and placed in confinement. Charleston had again assumed a business-like appearance. The work of rebuilding the portion of the city destroyed during the war is in active progress. Wholesale merchants are rapidly disposing of their stocks of goods. Purchasers from the interior are coming in large numbers. Heavy mortality is prevailing among troops in Charleston. It is said there are more than a hundred thousand bales of cotton along the line of railroad between Charleston and Columbia, awaiting the completion of the line to be forwarded to market.

WASHINGTON, June 20.—Judge Wm. F. Nording and District Attorney Fox, Commissioners for South Carolina, have arrived from Charleston and report that the people of that city, notwithstanding the great scarcity of money, paid into the treasury over \$9,000, on account of taxes for which they were in arrears. Among applications for pardon to-day was Bishop Lynch, Catholic Bishop of Charleston, heretofore most bitter and violent opposer of the Union Government. A petition, drawn up and signed by the Bishop of Buffalo, was presented. The tone of the petition was exceedingly humble and penitent.

New York, June 21.—Dr. Mackay, a well known Charleston Unionist, pronounced the delegation just arrived from that city, to confer with the President upon the subject of employment of freedmen in South Carolina, to be composed of original secessionists and rebels throughout the war. He regards their coming as an impudent insult to the United States Government.

WASHINGTON, June 20.—Hon. James Johnston was today appointed Provisional Governor of Georgia, and left the city this evening for his State. Those who have met Gov. Johnston here are much pleased with his views on the subject of reconstruction in the South. He takes the strongest Union grounds, and will at once proceed to inform the people of Georgia what their true condition is, and what they must do to organize the government. A special dispatch to the *Herald* says a quadrangular fight for Provisional Governorship of Alabama, between W. H. Smith, of Randolph, Lewis F. Parsons, of Talladega, D. H. Bonham, of Athens, and D. C. Humphrey, of Huntsville, prevented appointment of either. Humphrey has the advantage of being chairman of committee on resolutions at the first Union meeting in Alabama, held at Huntsville a year ago last winter. Parsons appears to have the largest number of backers. His appointment is confidently expected. Hon. Horace Maynard, (Tenn.) is here in consultation with the President. He is much talked of in connection with the vacancy in the Bench of the Supreme Court, caused by the death of Judge Catron. Judge Sharkey of Missouri, is also mentioned in the same connection.

CINCINNATI, June 21.—A Nashville dispatch to the *Gazette* says Thomas has issued an order allowing all persons north of Ohio River to remain during the war and to return. Also abolishing the pass system over all roads and rivers in the department. Gen. Wilson telegraphs Government that he has issued to the poor of Atlanta during the past 7 days 100,000 pounds of meat and flour. The people in adjacent counties are in a starving condition.

WASHINGTON, June 21.—Woodruff, of Virginia, who fired the first gun at Fort Sumpter, committed suicide near Richmond on Saturday night by blowing out his brains with a gun. A memorandum was found among his papers, says the *Richmond Republic*, stating that he could not live under the Government of the United States, and that he preferred death to doing so. A special dispatch from Washington announces the death of Mrs. W. A. Seward, wife of Secretary Seward.

WASHINGTON, June 21.—An order had been issued reducing the *Missis* squadron to 15 vessels. Acting Rear-Admiral S. P. Lee will remain in command. These gunboats are left at Red River. All wooden vessels and all ironclads, except the *Tennessee* and the *Missouri* are ordered to Memphis, and will at once be put out of commission. All other vessels now in the squadron will be sent to Mound City there to be put out of commission.

New York, June 21.—Secretary Stanton's report of operations in his department during the last year of the war is published from which it appears that there were forwarded to the field 459,626 soldiers and mustered out and discharged 268,114. Over 200 places were captured from rebels. There are 102,000 colored troops in the service.

New York, June 21.—The correspondent of the *Herald* says: Trenholm, rebel Secretary to the Treasury, went to Columbia and reported to our Government that he was ready to deliver himself up any time. He then led off with a scheme to carry into effect military emancipation orders. He was the first to contract with his freedmen, several in number, not one of whom left him. He therefore since the war was a gradual eman-

ipationist, and his ready adoption of Government views and his example in Columbia had a most salutary effect. Subsequently an order was received from General Hatch for his arrest. The order was promptly executed. Trenholm was brought under parole to Orangeburg in his own carriage, and proceeded thence by rail to Charleston where he was lodged in jail. In conversation with his son-in-law, Trenholm said he was forced to take the position of Secretary of Treasury under Jeff. Davis. He declined twice and was at last peremptorily ordered to report at Richmond by Jeff. Davis, in the following dispatch:—"Your services are required. Report here immediately."

The Young Men's Christian Association have purchased Ford's Theatre for \$10,000.

SAN FRANCISCO, July 8.—Legal Tenders 74 to 74.

Sailed, July 7th, the bark *Rival*, Puget Sound; 9th, the steamer *Brother Jonathan*, Victoria and Portland.

SAN FRANCISCO, July 7.—A terrible tragedy occurred at St. Francis Hotel, corner of Clay and Dupont streets, about 3 o'clock this p. m. Billy Mulligan, who was expropriated by the Vigilance Committee in 1856, had been laboring under an attack of delirium tremens since yesterday. To-day he threatened the life of several persons, and when the police attempted to arrest him he retreated to his room in the St. Francis Hotel, threatening to kill any person who should attempt to enter. Officer Chappelle entered the room when Mulligan fired twice at him. Chappelle retreated without receiving any injury. Mulligan then opened his window and fired straight down Dupont street. John Hart, foreman of Enoka Fire Engine, was crossing the street and received the ball in his heart, killing instantly. Several parties attempted to enter Mulligan's room, but were intimidated by his threats. Jack McNabb, a gambler well known throughout the State, depending upon friendship that existed between Mulligan and himself, attempted to reach Mulligan's room, and pacify him, but was shot at from the stairs leading to the room. The ball struck his shoulder, ranging downwards, and entered the stomach. McNabb returned to the ground floor exclaiming "Billy has killed me," and shortly afterwards expired. The excitement now became intense and crowds of people gathered round. Policemen, armed with muskets, were stationed at the windows of the house on the opposite side of Clay street, and one of them catching a glance of him fired and missed. Mulligan then came down to the second floor and peered out at a doorway when he was shot through the head and instantly killed, by a policeman. Mulligan was arrested yesterday at the request of some of his friends, and confined in the station house all night. His friends say he was delirious when discharged from custody this morning, and censure the police for setting him at liberty while in so dangerous a state.

The jury in the Frank case last night, found a verdict of guilty of forgery with a recommendation to the mercy of the Court. Frank will be sentenced on the 15th inst.

Collins Overland Telegraph expedition, under the command of Col. Bulkely, will sail on Monday morning for Victoria, whence they will proceed north to the field of operations. The expedition consists of the bark *Golden Gate*, carrying six 12 pounders, and the propeller *G. S. Wright* carrying 2 guns, the bark *Palmetto*, 2 guns, the schooner *Milton Badger*, 2 guns, and the bark *Clara Bell*, 2 guns. The three latter vessels are already in northern waters. The land force, or building and exploring parties, will number about 1,500 men.

SALT LAKE, July 7.—We had an old eastern mail arrive yesterday, but nothing later than received by telegraph. The operator from Platte, being the first station beyond Sweet Water, came over and told the operator at the latter place that 1,200 cavalry are now on the way from Fort Laramie with wire and everything necessary to put the line in order. We have hopes of its working to-day or to-morrow.

(Signed) CLOWES, Agent Telegraph Co.

WASHINGTON, June 21.—The storehouses of the Sanitary Commission at Alexandria were entirely destroyed by fire this morning.

New York, June 21.—During the reception of the volunteers at Staten Island to-day, a collision occurred between the soldiers and the citizens and a platoon of soldiers fired into the crowd. Lieut. Nelson, of the sixth N. J., was wounded, it is supposed mortally. Two citizens and one soldier of 133rd New York were wounded. Several persons were injured by stones and bricks.

New York, June 21.—Admiral Goldsborough, commander of the naval squadron destined for European waters, sailed from Brooklyn navy-yard to-day on board his flag-ship *Colorado*. Other vessels of the squadron will shortly follow the *Colorado*.

New York, June 21.—The *Herald's* Charleston correspondent says the delegation from S. C. which arrived at Washington yesterday having instructions to represent to President Johnson the expediency of adopting an official plan with which the relation between the freedmen of the State and their employers in regard to labor and wages can be satisfactorily arranged, professes willingness to allow the freedmen they may employ one-half their crops as recompense for their labor; but they say that unless they have a guarantee that the labor shall be continuous it will be of no use to commence the crops for another year, and that if the liberated slaves are allowed to choose their employers and occupation they will invariably select cotton plantations, as the easiest work, to the great detriment of the cotton and rice crops. The members of this delegation accept the abolition of slavery, but declare that it is really the slave owners who have secured freedom by getting rid of their slaves. They express a determination to be loyal to the Union in future, only they have failed in their great undertaking, think they were right in resisting, but admit they may have erred.

New York, June 23.—The Washington special dispatch to the *Tribune* says, a member of the Alabama delegation now here brings intelligence from that State that most of the Union citizens are unarmed while the rebels are left well supplied with arms used formerly by them in the army.

He was present at the surrender of the rebel Roddy's command and states that out of 29,000 men but 8,000 delivered up their arms, accounting for the balance as lost, whereas they had been hidden only to be afterwards reclaimed by the rebels. Members of the S. C. Delegation visited Gen. Howard this evening, and had a pleasant interview. They stated to the General that they had labored long and earnestly for the perpetuation of slavery, but now that the war had effectually abolished it they were willing to employ their former slaves at fair compensation, and would hereafter cheerfully act in conjunction with the bureau in promoting the interests of freedmen in the state.

WASHINGTON, June 23.—The South Carolina delegation are to have another interview with the President on Saturday, when they will state the views of the secessionists of that state in regard to reconstruction.

WASHINGTON, June 23.—There probably will be a considerable delay in the appointment of the Provisional Government for South Carolina. The delegation here do not well represent the Unionists of the State. The State is at present without laws, its citizens complain, and fearful proportions of them are destitute of all means of support and are starving. All manner of lawless men and crime are alarmingly on the increase, and the only hope for public or private virtue is thus admitted to be in the protection of the Federal laws.

New York, June 21.—Augustine dates state that Howell Cobb was at Macon. Second reports are favorable of the incoming crops of wheat and corn. The *Gazette* says the local authorities have qualified themselves for their offices. Everything is harmonious. The negroes are going back to their former owners to work for wages. Conventions have been held in various counties of Georgia, at which resolutions acknowledging the laws and authority of the U. S. were passed, and requesting that a Provisional Government under the reorganization be effected.

WASHINGTON, June 21.—This morning, by direction of the President of the U. S., the army of Georgia was disbanded. All the regiments not discharged are to be transferred to the army of Tennessee.

New York, June 22.—The *Herald's* Richmond correspondent says Gen. Gordon was relieved of his command at Norfolk on Monday last and the city restored to civil rule. His successor was instructed to act as General commanding of the post.

New York, June 22.—Boston commercial Bulletin says that the 20th U. S. cavalry, colored, mutinied on board a steamer lying at the wharf at Portsmouth last Tuesday evening. They took possession of the vessel and refused to allow her to leave. Next morning they went ashore armed and ran riot through town. The white troops were summoned from the various quarters, and Gen. Graham taking command of them soon overpowered the blacks and drove them aboard the ship, where they were disarmed and sent down the bay. Advices from Brownsville state that Gen. Jackson, commanding the colored troops, had reached Texas safely and disembarked.

Later from Cariboo.

The str. *Reliance* came in from Yale last evening, bringing a Cariboo Express and files of the *Sentinel* of the 1st inst. The news is unusually barren of incident. The claims in the Conklin Gulch continued to yield largely. The week's product of the Ericson was \$22,400. The following is the market report of the *Sentinel*:—"Saturday, July 1st, 1865.—The Markets during the week have exhibited a little firmness, merchants being unwilling to part with their goods at the ruinous prices which they have lately fallen to. Since our last issue a great many trains have arrived, augmenting the large stocks already on hand. Further arrivals are daily expected.

The following are the retail prices: Flour, 24c per lb.; Bacon, 50c; Beans, 35c; Coffee, 75c; Tea, \$1; Sugar, 50c; hams, 62c; Syrup 50c; Butter, \$1 25; Rice, 30c; Yeast Powder, 62c per box; Potatoes, 30c per lb.; Turnips, 18c; Onions, none on hand; Beef, 40c; Mutton, 40 to 50c; Veal, 50c.

On Canningham creek Flour brings 32c per lb.

Fire.—A few minutes before 10 o'clock last night the alarm of fire rang out upon the still night. Scarcely had the first peal of the bell startled the citizens when the flames were seen bursting through the roof of Mr. Dickinson's stables on Pioneer wharf. The Hyacks were promptly upon the spot and in a very few minutes after the first alarm was given the burning building. It throwing three streams upon the burning building. It was evident from the first that Mr. Dickinson's stables, slaughter-houses &c., must fall a prey to the devouring flames, and the energies of the Hyacks were chiefly directed towards staying the progress of the fire in the direction of Messrs. Picht & Hoyt's whole sale Liquor establishment, which adjoined the burning buildings, and to prevent its communicating with the large block of buildings on the west and to the wharf buildings &c. on the east. In this they succeeded so well that the fire was actually confined to the buildings in which it originated, and Messrs. Picht & Hoyt were afforded time to remove their entire stock. Mr. Dickinson was less fortunate, several cattle, a large lot of hay, together with a great variety of apparatus and stuff being consumed with the buildings. It was feared at one time that the Pioneer Saloon and the block of buildings adjacent could not be saved, as also the upper end of the wharf and shed; but through the almost superhuman exertions of the Hyacks, nobly assisted by many citizens, the fire was happily prevented from spreading. The highest compliment we can pay the Hyacks is to state that although Picht & Hoyt's store adjoined Dickinson's building, which were filled with hay and other combustible matter, it now stands almost intact, a monument of the efficiency of the Fire men. From 10 o'clock last night till 4 o'clock this morning, there was no doubt that had it not been for their exertions fifty or sixty thousand dollars worth of property would now have been a smouldering heap of ashes. While the utmost credit is due to the Hyacks we could not but notice the valuable services rendered by the Chief Inspector of Police.—Probable loss \$6,000.

THE CRICKET MATCH on Saturday between the married and single resulted in the latter winning by 48 runs. Only one innings was played.

THE LAND SALE.—Don't forget the important auction sale at noon to-morrow.

AN IMPORTANT EXPEDITION.—Mr. Moberly left on Saturday with a party for the purpose of exploring the country between Shuswap Lake and the Big Bend of the Columbia River, with a view to locating a road to connect these two waters. Mr. Turnbull, ex-Royal Engineer, is of the party.

INTERCOLONIAL WAR.—The New Westminster Ten, representing the Rifle Corps, will proceed to Victoria to-morrow and shoot the Victoria Ten on Thursday. The Cricket Eleven will go down on Saturday and "lick" the Victoria Eleven on Monday.

FOR PUGET SOUND.—The Steamer *Caledonia* sailed yesterday morning for Olympia. She may be expected back on Saturday.

THE AUCTION SALE OF REAL ESTATE will be held in Mr. Woodcock's store, Front street, and will commence at 12 o'clock to-morrow.

LOCAL IMPROVEMENT.—We were surprised when passing down Columbia-street yesterday to notice the fine display of new goods at the store of Messrs. Clute & Major, and upon closer inspection we found they were selling Dry Goods, Clothing, Boots, Shoes, &c., at lower rates than we have ever before seen in this city. Truly this is a local improvement.

A CARD FROM THE HOT SPRINGS.

IN ANSWER to many inquiries from Rheumatic Invalids and for the information of persons in delicate health, I would state that the Hot Spring water is pronounced by Voyagers to be similar to those of Aix la Chapelle, in Germany, so much noted for the cure of Rheumatism, and the resort of Invalids in general. I can positively state that this water will cure the most obstinate case of Rheumatism in six weeks. The temperature of the water is 128°, and its ingredients are salt, sulphur, magnesia and a little iron.

Our accommodations, though not first class, will be found clean and comfortable, and we promise you our table shall be supplied with the best our market affords.

To the Ladies whose health may necessitate a trip to the Springs my wife will use every effort to make them comfortable as possible.

ALL CURES MADE EASY!!

HOLLOWAY'S OINTMENT.

**Bad Legs, Ulcerous Sores, Bad
Breasts and Old Wounds.**

No description of wound, sore, or ulcer can render the
healing properties of this excellent Ointment. The
worst cases readily assume a healthy appearance when
ever this medicament is applied; sound flesh springs
up from the bottom of the wound, inflammation of the
surrounding skin is arrested, and a complete and per-
manent cure quickly follows the use of the Ointment.

**Piles, Fistulas and Internal Inflam-
mation.**

These distressing and weakening diseases may with
certainty be cured by the sufferers themselves, if they
will use Holloway's Ointment, and closely attend to the
printed instructions. It should be well rubbed upon
the neighbouring parts, when all obnoxious matter will
be removed. A poultice of bread and water may some-
times be applied at bed time with advantage; and most
scrupulous cleanliness must be observed. If those who
read this paragraph will bring it under the notice of
such of their acquaintances whom it may concern, they
will render a service that will never be forgotten, as a
cure is certain.

Rheumatism, Gout & Neuralgia.

Nothing has the power of reducing inflammation and
subduing pain in these complaints in the same degree
as Holloway's cooling Ointment and purifying Pills.
When used simultaneously they drive all inflammation
and depravities from the system, subdue and remove
all enlargement of the joints, and leave the sinews and
muscles lax and uncontracted. A cure may always be
effected, even under the worst circumstances, if the use
of these medicines be persevered in.

**Eruptions, Scald Head, Ringworm &
other Skin Diseases.**

After fomentation with warm water, utmost relief and
speediest cure can be readily obtained in all complaints
affecting the skin and joints, by the simultaneous use of
the Ointment and Pills. But it must be remembered
that nearly all skin diseases indicate the depravity of
the blood and derangement of the liver and stomach,
consequently, in many cases, time is required to purify
the blood, which will be effected by a judicious use of
the Pills. The general health will be readily improved,
although the eruption may be driven out more freely
than before, and which should not be promoted; per-
severance is necessary.

**Sore Throats, Diphtheria, Quinsey,
Mumps & all other Derangements
of the Throat.**

On the appearance of any of these maladies the Oin-
tment should be well rubbed at least three times a day
upon the neck and upper part of the chest, so as to
penetrate to the glands, as salt is forced into meat;
this course will at once remove inflammation and ul-
ceration. The worst cases will yield to this treatment by
following the printed directions.

**Serofula or King's Evil and Swelling
of the Glands.**

This class of cases may be cured by Holloway's puri-
fying Pills and Ointment, as their double action at-
tacking the blood and strengthening the system render
them more suitable than any other remedy for all com-
plaints of a serofulous nature. As the blood is impure
the liver, stomach and bowels, being much deranged,
require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following
cases:—

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and	Sore Nipples.
Burns.	Stiff Joints.	Sore Throats.
Bunions.	Etiaphantiasis.	Skin Diseases.
Bite of Mosquitoes.	Fistulas.	Scurvy.
and Sand-Flies.	Gout.	Sore-heads.
Coco-bay.	Glandular Swol-	Tumors.
Chicgo-foot.	lums.	Ulcers.
Corns (soft).	Lumbago.	Wounds.
Cancers.	Piles.	Yaws.
Chilblains.	Rheumatism.
